

# LUBRICATION CONSOLIDATION SUPER LUBE<sup>®</sup>

**SYNCO CHEMICAL CORPORATION**

..... Super Lube<sup>®</sup>... "everywhere and no wear"!

# Understanding Super Lube® - A True Multi-Purpose Lubricant

## Key Features:

- \* Clean/Clear
- \* Food Grade
- \* Non-Staining
- \* High Dielectric Strength
- \* Prevents rust and corrosion
- \* Impervious to water and saltwater
- \* Viscosity stable
- \* Extends equipment life
- \* Reduces maintenance
- \* NSF rated H1
- \* Safe in potable water
- \* Wide continuous operating temperature range  
(-45° F to 450° F) (-43°C to 232°C)

# Super Lube® Crossover Program

## Here are the steps:

- Visit an end-user or customer and locate their lubricant inventory.
- Write down their list of lubricants. (You can even take a photo.)
- Send us the Lubricant List. ( Via email, text, photo).
- We will create an excel file for you offering the corresponding Super Lube® products and part numbers that can replace the customer's inventory.
- Once you receive the crossover list from us, you can use the Super Lube® part numbers on the list to quote the customer.

# Applications - Where Have You Seen Super Lube®

**SYNCO CHEMICAL CORPORATION**

## University of Phoenix Stadium

- The grass field rolls out of the stadium on a 18.9 million pound tray
- Each roof panel weighs 550 tons.

# Super Lube® Product Offering

## Super Lube® has a full range of lubricants.

- Multi-Purpose Synthetic Grease NLGI 2 - NLGI 000
- Synthetic Multi-Use Lightweight Oils (Low Viscosity)
- Synthetic Gear Oils (High Viscosity)
- Silicone Grease
- Silicone Oils
- Aerosols
- Non-Aerosols
- Specialty Niche Products
